

Hospital Improvement  
Innovation Network (HIIN)

HIIN  
August  
2017  
Issue 10

By Patti Taylor

**DIVE INTO 5**  
**Readmissions Topic:**  
**CMS is challenging each hospital to interview 5 readmission patients a month for the next 3 months to deep dive into reasons why the patients are being readmitted**

Please let Patti or Michele know what you are finding out when interviewing the patients  
This should help you prioritize what is needed to help your patients avoid a 30 day readmission

The HRET HIIN UP campaign is designed to simplify safe care and streamline interventions, reduce multiple forms of harm with simple easy-to-accomplish activities, and consolidate basic interventions that cut across several topics to decrease harm. The UP campaign is made up of 3 components

- WAKE-UP** – Reducing unnecessary sleepiness and sedation
- GET-UP**- Mobilizing patients to return to function more quickly
- SOAP-UP**- Implementing appropriate hand hygiene to reduce the spread of infection.

We can help you start this campaign at your hospital. We have

- Tri-fold brochures
- Campaign Leadership Focus Resources
- Campaign Physician Focus Resources
- Campaign Quality Leaders Focus Resources
- Campaign Set up Tools
- Campaign Performance Monitoring Tools

Great campaign- let us know how we can help you get started.

## Educational Opportunities

**\*\*\* Most of these free webinars from HRET include free CE's for attending\*\*\***

HRET HIIN "Those Darn Humans!" Change Would be so Easy If it weren't for all the People. Data Improvement
