Quality Improvement Fellowships through the IHI

Are you looking to learn how to drive change and accelerate improvement within your organization? Do you want to lead projects to reduce cost and improve quality and value?

The IHI Fellowship Program from January to July 2018, exclusively for HIIN participating hospitals is a program that will offer interactive webinars and online courses on key topics in quality improvement and safety, and guide you through leading a project to improve outcomes in your own department or unit. Two tracks are available: Foundations for Change for those new to improvement, and Accelerating Improvement for experienced improvers who are looking to spread and scale their work. Join us for an introduction to the IHI Quality Improvement Fellowships that will start in January. You must register for one of the calls below to join.
