

The screenshot shows a web browser window with the URL healthliteracy.bu.edu. The page title is "Health Literacy Tool Shed" with the subtitle "A database of health literacy measures". A search bar is present with the text "Search by Name of Measure" and a "GO" button. Below the search bar is a navigation menu with options: Home, Find Measures (highlighted), Glossary, Suggest a Measure, and About.

Under the "Filter Measures" section, there are two filter boxes: "Lead author" and "Health literacy domain measured". The "No filters selected, all measures shown." message is displayed. The search results section shows "Your Results: 133 matching measures" and a sort-by dropdown menu set to "Measure Name A-Z (Default)". The results list includes:

- [30-Item Cancer Health Literacy Test - CHLT-30](#)
- [6-Item Cancer Health Literacy Test - CHLT-6](#)
- [Abbreviated version of the Test of Functional Health Literacy in Adults - S-TOFHI A](#)
